Dear Church Family, We want to warmly welcome you to our home for a time of fellowship This Sabbath evening from 6 pm until whenever. Weather permitting we hope to gather outdoors and sing some songs around our fire ring and worship God together. Bring a lawn chair and a light food item to share for a potluck supper. Please come for a time of fellowship and friendship with our church family. Our address is 8990 E. Vernon Rd., Coleman 48618. Love, Pastor and Ginger and family

A reminder that the incoming children's Sabbath School class teachers are asked to meet for a few minutes in the library right after the divine service on June 13, 2009.

Musicians needed: The newly-created Camp Meeting Wind Ensemble will present a 15-minute concert before the evening meeting in the main auditorium on Friday, June 26. I am looking for musicians who would like to be part of this group. Our tentative plans are to practice Monday-Friday from 5:00-5:30 p.m. on the stage of the academy chapel. The music we play will be between Grade 2 and Grade 3. If you can be part of the group, please email Renee Coffee at rcoffee@misda.org to let her know which instrument you play. (She is especially in need of a baritone player and 1 or 2 percussionists.) Questions? Call her at 517-331-1605.

Norman Moll will be presenting an **"Issues in Origins" seminar at camp meeting** Monday-Friday, June 22-26, from 9:30-10:45 a.m. in the church fellowship room. His topics will be: Monday, "Intelligent Design--the Argument," Why is ID such a powerful argument in favor of creation and how do evolutionists get around such evidence?; Tuesday, "Where Do I Find Truth?" Can we trust science where it gives answers that appear to contradict the Bible? Why or why not?; Wednesday, "Creation and the Flood, a Study of the Genesis Accounts," How are the Genesis accounts of creation and the flood related? What are the arguments which favor a literal reading of these

accounts? What deeper meanings lie below the surface?; Thursday, "What Happened? Is the Genesis Flood Responsible for the Evidence?" What do we see when we look at the earth's structure? What could account for what we see? Included will be an assessment of proposed flood models;" Friday, "How Does Evolution Work? Or Does It Work?" With the very recent advances in the study of genetic material--the DNA--scientists are able to "see" direct evidence for changes that have occurred in species. What can be learned about origins from this very new information? You and any of your interested friends are invited to attend this seminar and may contact Norman for further information.

Library Have you visited the library recently? Among our recent acquisitions are a gripping audio drama CD about the first part of King David's life as well as a book entitled Releasing Worry and Finding Worth as a Woman.

Backpacking. A backpacking trip is planned for July 10-13 on North Manitou Island, a 20 square mile island in Lake Michigan located 12 miles offshore from Leland, MI. A number of people from our Midland and Mt. Pleasant churches are planning to go. Others interested in this trip should contact David Moll (989-832-3835 or djmoll@aol.com) soon. Boat tickets will be purchased within 1-2 weeks. Information on the island is available at www.nps.gov/slbe/planyourvisit/northmanitouisland.htm.

Amazing Discoveries Bible Study group will meet Monday night at 7 p.m. The Bible study on Jacob, his family, his sons and the 12 tribes of Israel that they fathered will be continued. This week we will be considering the deathbed prophetic blessings Jacob pronounced on his 12 sons. Why when the 144,000 are described in Revelation are they described as being of the 12 tribes of Israel? We welcome new participants.

"The Long Awaited Millennium" is the title of the Walter Veith DVD to be shown this afternoon following our fellowship luncheon. What does the Bible teach about the millennium in which the saints will judge the world? How does this compare with the commonly held view of other Christians? Why is there so much confusion? This DVD concludes the Total Onslaught series.
