OBESITY, the Problem -- National, Individual; Is There a Solution? Prior to the next plant-based cooking class we are offering two informative discussions on the obesity problem. The second discussion will occur this Thursday at 7 p.m. Excerpts from the Documentary Series "The Weight of the Nation" which illustrate the devastating impact that obesity has on children as well as adults are the basis for the discussion. We believe that the typical American diet is a major contributor to our obesity problem, and that a plant based diet offers a powerful solution to this problem. The obesity discussions are designed to establish the seriousness of the problem and to offer the Living Free Cooking Class which begins February 14 as a practical solution. Come! Invite your friends! Posters for the cooking class are available on the foyer table

The Kindergarten/Cradle-roll room staff thanks Linda Sears and her friend Lynn for the beautiful mural they painted on the classroom wall and for Linda's assistance in planning programs and making props for the children. They also thank Bert Osborn for repairing and painting the ceiling and making props and Jakee Osborn for taking time out to help put the room back together.

Organ Maintenance and Pipe Chamber Shade Upgrade Project. Significant funds remain to be raised before this needed work can begin. The total goal is \$24,200 with \$10,000 of that amount promised as a gift to cover the cost of the upgrade. Thank you, everyone who has contributed. For further information on this project contact Norman or Dorothy Moll.

This year the Midland Church will be hosting the District Six Praise and Report event which is an annual gathering in which area churches report on their outreach activities for the preceding year. It will be held on Sabbath afternoon, **February 23**, from 3:30-5:30 and will conclude with a light supper furnished by our church.
