

Tri-City School Update

Greetings church family!

It's been over three weeks of school now and it's been a great year thus far!

Perhaps the most exciting was our Parents' Night on August 25th. We had every parent and grandparent that lives nearby come out! What a turnout! It was such a blessing to fellowship together as a school family and get

connected for the school year. I'm so thankful to God for the commitment each family has to this school!

One thing that we have all loved getting to do was to learn to love God's nature, particularly some of the plants He's created. Our fourth graders have been reading about a hero, George Washington

Carver, who not only liked plants, but *loved* them! Each student has their own plant that they not only get to take care of, but also get to name. Some of our plants names include Mr. Fuzzball, Miss Lily, Bambie Bamboo and Old Granny. I'm looking forward to all the other activities and experiments we will get to do with plants this quarter! Let's pray that as each student has a plant to take care of, they will get to learn more about Creation and their Creator!

Praise God for who He is!

In addition to learning about God as our Creator, we've also been able to spend time praising God, that is, thanking God for who He is (and not just what he's done). We've started and will continue to add to our praise wall. With our wall, we can continue to think and be reminded about who God is. The more we know Him, the easier it is for us to trust Him!

Look at all the cars that came out to Parents' Night! Wow!

Another thing I am excited for school year is that we are planning to update our school's technology! We are looking into and planning to replace our old desktops with new laptops, allowing computers to be moved easily from room to room as well as make room science experiments, more plants to grow, or something else God has in store! Any and all contributions, whether financially or prayerfully would be much appreciated!

Our Spiritual Needs

- *For each child to have a *personal* relationship with Jesus.
- *For every parent and family for divine wisdom, strength, and patience.
- *For every teacher and school volunteer, that the light of Jesus would flow out of their heart to others.

Other Needs

- *Donations to update our outdated computers
- *Tech savvy person to help with technology, internet, Wi-Fi, etc.
- *Volunteers to help with school canvassing program and other outreach opportunities (We can't get started without volunteers!)
- *Hymnals for the students to sing and play from (small or regular)

Thank you for all your prayers and support of Tri-City SDA School!
Please continue to keep us in your thoughts and prayers!
