

## Tri-City School Update

Greetings church family!

We are well into our second quarter and have enjoyed relatively warm weather for this time of year. Even this past week, we enjoyed going outside for P.E. instead of having to stay indoors. Thanks be to God for this wonderful warm weather!

I'm excited to announce that we have four new laptops in our school. They came in towards the middle of October and we LOVE having them. Instead of taking 10 minutes just for the computer to start, we can turn them on

and use them right away. Instead of having slow internet that wasn't always available, we now can rely on speedy internet for our research projects.

Since we have gotten new laptops, we are now no longer in need of our monitors. They are 20-21 inch Dell monitors (pictured right) in great condition and we would love be able to pass one along to anyone in need! If you or someone you know are in need of a Dell monitor, please feel free to call or text me at (262) 271-2129.

A special event that we enjoyed this month was going on a field trip with our sister school, Mt. Pleasant Seventh-day Adventist School, to Uncle John's Cider Mill. Praise God that we went the day AFTER they had discovered their cider had e-coli and thus did not risk getting sick. God protects us in many ways that we will never realize, but that day He saw fit to reveal His protecting hand to us!

After our field trip, we enjoyed pizza and games at Mt. Pleasant School.

As many of you know, we had our Harvest Festival as a celebration of Reformation Day. On October 31<sup>st</sup> 1517, Martin Luther is said to have nailed the 95 thesis to the wall, thus marking the beginning of the Protestant Reformation. We had a fun night and it was a great way to raise money for our Home and School. Thank you Home and School and all the volunteers would helped make this a great evening!

I want to take the time to say thank you once again for your support and especially prayers. We appreciate all the time you dedicate to helping our school with hot lunches, help with bulletins boards, board meetings, field trips, special events. Thank you also for taking the time to read our update. We appreciate the many people the answer the call to help with our spiritual needs and other needs. I've been amazed, for example, at all the box tops that we have received since it was last posted in The Tri-City School Update! Praise God for all the support our school has!

### Our Spiritual Needs

- \*For each child to have a *personal* relationship with Jesus.
- \*For every parent and family for divine wisdom, strength, and patience.
- \*For every teacher and school volunteer, that the light of Jesus would flow out of their heart to others.
- \*Bible Labs Representatives (ask me if you have any questions about this)

### Other Needs

- \*Any Box Tops to raise funds for our library
- \*Someone interested in updating our school's website
- \*Volunteers to help with school canvassing program and other outreach opportunities (We can't get started without volunteers!)

Thank you for all your prayers and support of Tri-City SDA School! Please continue to keep us in your thoughts and prayers!
